

What's this
ETSY thing
all about?

Etsy is an online marketplace where you can buy and sell items that are handmade, as well as vintage goods and crafting supplies.

To buy (or sell) on Etsy, you need a user name. To get started with this, click on 'Register' in the top right hand corner of the etsy.com homepage. You enter some basic information and come up with a user name and password for the site. Then you are ready to shop!

You can either go direct to someone's store (like mine!) or you can search for something specific. There is a 'search' box at the top of every page. Alternately, you might like to browse from the many Australian shops on Etsy. Click on 'Shop Local' from the menu on the left and then specify 'Australia' as the location. So much awesome handmade stuff made by clever Aussies!

When you find an item you want to buy, bear in mind that the prices are currently shown in US Dollars. Some Australian sellers provide an estimated cost in AU\$ but you can go to xe.com to check for a more up-to-date price. Click 'Add to Cart'. When you are done shopping, just click 'Your Cart' in the top left corner (it will appear when you've put something in it) and you can start the check out process. You can generally pay by Paypal (secure online payment system – find out more at paypal.com.au) or money order. Read the sellers conditions and policies carefully so you know what you are getting. You can contact them using 'Conversations' at the top right of the page if you need more information.

Have fun shopping on Etsy, you are sure to find lots of great stuff for friends, family and yourself!
